

## Adelaide Hills Farmers Market

### Treasury Report July 2022-2023

Year 3 of having the role of treasurer and 8 years on the committee, this year I think due to the last couple of years of being in a sound financial positions we were able to put more funds into marketing and new infrastructure for future growth. We were able to encourage some new stall holders through the producers in residence also funded through the Local council. This year with less unpredictability due to lessening covid restrictions we have had a consistent weekly stall holders and monthly artisan.

The cost of living I'm sure has affected many but the regulars are here rain or shine and overall Membership has increased by \$5000 this year.

Stall holder fee Income was down for both Artisan and Farmers but the new sustainability market generated nearly \$2000 for the year.

This year Kara Jane was successful in receiving the following grants , Naidoc Week grant, Mount Barker Council grant two grants one for our indigenous market and also supported our producer in residence. Combined amount of \$2,900

We also received a monthly sponsorship from LJ Hooker for \$90 that supported our Children's Cooking Experience each month.

Another winter market at Cornerstone. This year it seemed more organised and easier for stallholders. Thanks to Lyndon and Orland for your supportive help to us all.

A small increase in stall holder fees and membership this year was needed to cover staffing and general running cost. We anticipate wages / contact staffing will be higher for the last part of this year

With an overall profit at June 30 and the last 3 months looking the same the Market looks set up to be able to continue to give back to the market community.

Janine McLoughlin

Treasurer – Adelaide Hills Farmers Markets
